COMMENTS: On November 19, 2020, I was diagnosed with COVID- 19 and Strep Throat. Just as many other COVID- 19 victims he had severe long lasting conditions, due to already existent underlining health issues. which are asthma and high blood pressure. These long-lasting effects lasted well into the new year of 2021. On December 13, 2020, I was diagnosed with pneumonia at the Baton Rouge General Mid-City Campus, which heavily weighed on my breathing and forced me to stay in the bed and rest for an even longer period. He remained home on medication and under doctor's orders. Likewise, for these same reasons he was unable to submit his final report. He attempted to complete the report on December 08, 2020 as he did the others, but he couldn't continue as he was over whelmed with COVID-19 symptoms.

TO WHOM IT MAY CONCERN:

It is my prayer after writing this letter the fines occurred due to failing to file the 10 G Report for the November 3, 2020 Primary Election before it's due date be waived, due to unforeseen circumstances that were beyond my control.

On November 19, 2020, I was diagnosed with COVID- 19 and Strep Throat at the Our Lady of the Lake Reginal Medical Center. Just as many other COVID- 19 victims I had severe long-lasting conditions, due to already existent underlining health issues, which are asthma and high blood pressure. These long-lasting effects lasted well into the new year of 2021.

On December 13, 2020, I was diagnosed with pneumonia at the Baton Rouge General Mid-City Campus, which heavily weighed on my breathing and forced me to stay in the bed and rest for an even longer period.

For these reasons I couldn't spend Thanksgiving, Christmas, New Years, or my Birthday (01/13/2021) with my family as I remained home on medication and under doctor's orders. Likewise, for these same reasons I was unable to submit my final report.

I attempted to complete the report on December 08, 2020 as I did the others, but I couldn't continue as I was over whelmed with COVID- 19 symptoms.
